## ERSA Training Workshop Econometric Methods for Panel Data

Monday January 12 – Friday 16 January 2009  
Stellenbosch University

ERSA is pleased to announce a five day training workshop on Firm Level Panel Datasets to take place at the University of Stellenbosch from the 12 January - 16 January 2009.

This workshop will be led by Dr Steven Bond at Oxford University and Dr Måns Söderbom at School of Economics at Göteborg University.

The broad outline of the course will be on econometric methods for panel data, with particular reference to firm-level panel datasets. Participants should have a grounding in Econometrics.

ERSA will provide financial support to cover travel and accommodation expenses of participants. However, places are limited and access to the course is at the discretion of the course organizers.

Please email Tania Jacobs ([tania.jacobs@uct.ac.za](mailto:tania.jacobs@uct.ac.za)) if you would like to attend the course. The deadline for applications is Friday 14 November 2008.
