National Treasury-World Bank-ERSA
Policy Modelling using Computable General
Equilibrium (CGE) Models Policy Seminar

May 28-29, 2009

To be hosted by the

National Treasury and the World Bank

Announcement

We are happy to announce a policy seminar on the practical application of CGE modelling—~~Analysts~~. During the seminar a number of papers will be presented from both local and international experts on CGE modelling covering various topics including:

- Carbon taxation
- Climate Change
- Fiscal Policy, etc

The aim of this workshop is to illustrate the use of CGE models in policy analysis and to provide a forum for discussion.

The policy seminar will be held from 28 to 29 May at the Kievits Kroon Country Estate, Pretoria.

Places are limited and access to the policy seminar is at the discretion of the course organizers.

Limited support for travel and accommodation costs is available at the discretion of the course organisers.

Interested academics or students, who would like to present a paper or attend, should forward a participation request no later than 1 May 2009 to Barbara Molakeng (Barbara.molakeng@treasury.gov.za) with the subject line "*CGE Policy Seminar*".

For more information on the policy seminar please contact Konstantin.makrelov@treasury.gov.za
